- Group Dance Competition** **Page 4**

The first day of pre-university college for the academic year 2023-24 was filled with anticipation as we welcomed new students to our institution on 1st June 2023. We ensured that the campus was well-prepared to accommodate and guide the incoming students. Welcoming the students with a warm and friendly atmosphere was a priority for us. Our aim was to create a supportive environment where students could thrive academically and socially. As teachers, we were excited to meet the new batch of students and inspire them on their academic journey. The first day provided an opportunity for us to understand the diverse backgrounds and talents of the students. We strived to instill a sense of belongingness among the students and encourage them to actively participate in college life. Ensuring that the classrooms were well-equipped and conducive to learning was essential for us. We encouraged open communication and a two-way feedback process to address any concerns the students might have.

Helping the students navigate through the college systems and providing academic guidance was our responsibility. Creating a positive and inclusive classroom environment was crucial for effective teaching and learning. We emphasized the importance of time management and academic discipline to set a strong foundation for their college journey. Engaging the students in interactive sessions helped them feel more comfortable and involved. As educators, we were motivated to create stimulating and interactive lessons to keep the students engaged. The college's resources and library were showcased to help students utilize them effectively. We encouraged the students to participate in extracurricular activities to foster their overall development. We discussed the college's academic expectations and encouraged a growth mindset among the students. The first day was about building connections with the students and creating a positive rapport. We aimed to inspire the students to take ownership of their learning and set academic goals. The college management worked diligently to provide a safe and conducive environment for learning.

The day concluded with a sense of satisfaction, knowing that we had embarked on a journey of shaping young minds. We looked forward to witnessing the students' growth and accomplishments throughout their college years. The first day was just the beginning, and we were committed to supporting the students throughout their college experience. As educators and college staff, we felt privileged to be a part of our students' transformative journey and contribute to their future success.

On the first day of pre-university college, The day ended with a mix of exhaustion and happiness, realizing that my college journey had just begun. New academic challenges and higher expectations were on my mind. The feeling of independence and responsibility kicked in as I settled into college life. The first day of college marked the beginning of a new chapter in my life. The thrill of exploring new subjects and academic opportunities was invigorating. Getting familiar with the college timetable and routines was a learning experience. I was excited about the various events and cultural programs that the college offered. The initial lectures were nerve-wracking, but I gradually felt more comfortable. Managing time and adjusting to the college routine were challenging, but I embraced the independence and responsibility. The day marked the beginning of a new chapter, filled with academic opportunities and extracurricular activities. Meeting teachers who were passionate about their subjects inspired me to learn and grow.

I looked forward to participating in college competitions and sports events. Reflecting on the day, I felt grateful for the opportunity to be a part of this college community.

PRINCIPAL'S ENCOURAGEMENT FOR SPORTS TO SHREYA R NAYAK

The meeting with the Principal is a wonderful memory of my life that I will cherish forever. On 4th June 2023 when I was called into the Principal's chamber, I was actually expecting a long questioning session about how I would balance my studies with participating in sports and some resistance regarding my sports interest. However, to my surprise, I saw her caring face and heard motivational words, and she was enthusiastic about my sports activities. I could see her concern and care when she inquired about the venue for the National Table Tennis Tournament, travel, accommodation, and who would accompany me, etc. I certainly didn't expect her to be so happy to click a picture together and wish me all the best. I am truly thankful for her heartfelt support.

MEETING ON ORIENTATION PROGRAM

Our Principal Flt Lt (Mrs) Sunita Dixit (Retd) of this esteemed institution consider the students' orientation program a pivotal event that sets the tone for their academic journey. A well-organized orientation program is essential to welcome new students, familiarize them with our college's ethos, and provide them with the tools they need to succeed. To ensure the utmost effectiveness of this program, a disciplined, systematic, and organized approach is paramount, allowing us to create a seamless experience for both students and their families.

Meeting was conducted on the following points:

- **Strategic Planning:** With a dedicated orientation committee, we conduct strategic planning sessions to identify key elements such as program themes, guest speakers, and workshops. Each aspect is carefully selected to resonate with students and align with our institution's goals.

- **Timeline and Milestones:** A comprehensive timeline is created, outlining key milestones and deadlines to ensure the entire planning process remains on track. Regular meetings with the committee ensure everyone is updated on progress.
- **Partnering with Faculty and Staff:** Collaboration with experienced faculty and staff is crucial for successful execution. Their insights and expertise help in crafting sessions that address students' academic, social, and emotional needs.
- **Venue Arrangements:** The selection and preparation of suitable venues are vital for a smooth orientation. We ensure venues are well-equipped with necessary amenities for presentations.
- **Code of Conduct:** A code of conduct is established to instill discipline and respect throughout the orientation program, emphasizing the importance of appropriate behavior.

GROUP DANCE COMPETITION

We hosted an exhilarating group dance competition for our talented II PUC students at the college level with the encouragement of Principal Flt Lt (Mrs) Sunita Dixit (Retd). The dance competition was conducted by the judges Ms. Sarvamangala M (Lecturer in Physics) and Ms. Sugina K (Lecturer in Hindi). We believe that these type of event promises to be a celebration of artistry and teamwork. Students from various backgrounds will come together to showcase their passion for dance. We believe that this competition will not only provide a platform for students to showcase their dance skills but also foster a sense of unity and collaboration among the participants. The college is committed to promoting cultural diversity and providing a vibrant and supportive environment for all participants.
