PHYSICS JEE MOTIVATIONAL CLASS

RCPUC Science students attending JEE Motivational class

Physics subject expert session was organized by RCPUC on 29th of November 2023 for science students. The main purpose of this session was to motivate the students for JEE main. It was an effective session. The subject expert was Mr.Raghavendra.. He gave some valuable information about the pattern of competitive examinations. Mr.Raghavendra gave some tips to students on how to prepare for both board and competitive exams. Also he explained about the mark distributions and examination pattern. He advised students to go through the syllabus and then design their study plan according to that. Also he told about the importance of interaction with the teachers and the time management. By the end of the session, he introduced an application named 'R Class' which is useful for the Jee main students.

WORKSHOP ON CYBER SECURITY AND CRIME

A Workshop and seminar on cyber security and crimes was held in the Abdul Kalam Auditorium on 12th December 2023. This was a pivotal event for the students of Ramaiah Pre- University college, Ramaiah Vidyaniketan and Ramaiah High School . It offered students valuable insights into the significance of privacy in the privacy in the cyber world and shed light on numerous instances where digital media has been misused for deception and fraudulent activities .The session was enriching, providing diverse examples to illustrate the risks in digital world. The vote of thanks was delivered by the Principal Flt Lt Sunita Dixit (Retd). She emphasized students to be watchful and be alert on such incidents and also cautioned that awareness is the key to be safe. she ensured that Ramaiah Pre-University students will be empowered with holistic education and development of the students. The event served as a platform to empower students with the knowledge of complexities involved in the cybersecurity.
