- 3.Orientation Program for lecturers. Page 3&4

Adolescence is a crucial time for developing knowledge & habits that impact lifelong health. One critical area of education is HIV/AIDS awareness .To address this need, a seminar was held on 29th Nov 2023 at Abdul Kalam Auditorium. The seminar opened with an interactive session dispelling myths and misconceptions surrounding HIV/AIDS. Mr. Lucas, ICTC Counsellor from Bengaluru discussed the adverse effects .The core of the seminar delved into the signs of HIV and its transmission, effects on the immune system and symptoms associated with the disease. This seminar on HIV/AIDS awareness proved to be a valuable experience to the youngsters.

“Ramaiyanam” Book Release

No Great man lives in vain..!

One of the most influential book "Ramaiyanam", a book on life and achievements of MS Ramaiah Founder of Gokula Education Foundation ,Ramaiah Institution authored by Journalist Ramakrishna Upadhyaya was released on 12th December2023. Our Union Minister for Road Transport and Highways, Nithin Gadkari made an impressive speech stating that such books guide the future generations.He further quoted that it is important to learn from the past and to adopt it in the future and also he stated that lack of vision is major problem in our country that we face at present and books on such achievers will help to build vision for future.

Then speech was succeeded by former Lokayukta Justice N Santosh Hegde who stated that biographies of such achievers should be part of our education . Further he said that there had been hundreds of scams over the last few decades and the country had lost enormous amount of money to it and the root cause for all of it is the greed among the people. He further stated that Ramaiah who came from a poor background had taught us how money could be made through the right means.

Session was indeed informative and also helped the students to inculcate the values that are most important for them to adopt.
