The Subject Expert Session, exclusively designed for Second PUC students, aimed to empower them with the knowledge, skills, and confidence needed to excel in their upcoming board exams. This comprehensive session brought together esteemed subject experts who shared their invaluable insights, expertise, and exam-focused strategies to help students easily tackle challenging subjects. Through interactive discussions, real-time examples, and focused guidance, students gained a deeper understanding of key concepts, clarified doubts, and developed a winning mindset to confidently conquer their board exams. The session was carefully curated to address the specific needs and concerns of Second PUC students,

providing them with a unique opportunity to interact with experts and gain a competitive edge. With a focus on exam-oriented learning, the experts shared tips and techniques for effective time management, smart revision strategies, and overcoming exam anxiety. By the end of the session, students felt more confident, motivated, and equipped to face their board exams with poise and determination.

MASTERCLASS SERIES – DEPT. OF LANGUAGES

The Department of Languages at M.S. Ramaiah Composite Pre-University College organized a Subject Expert Session for Second PUC students, focusing on the languages of Kannada, Hindi, Sanskrit, and French. The session aimed to provide students with expert guidance, clarify doubts, and enhance their language skills to excel in their upcoming board exams.

Renowned language experts shared their valuable insights and exam-focused strategies to help students tackle challenging language concepts with ease. The session was divided into separate sessions for each language, allowing students to interact with experts and clarify subject-specific doubts.

विद्या ददाति विनयम्, विनयाद् याति पात्रताम्

AN OUTLOOK OF THE HINDI SESSION

The Hindi session, led by Dr. Riyana Parveen, focused on improving reading and writing skills. Students were guided on how to write effective essays, summaries, and answers to comprehension questions. The expert emphasized the importance of understanding the question paper pattern, managing time effectively, and presenting answers clearly and concisely. Students were also provided with valuable tips on how to enhance their vocabulary, grammar, and sentence construction skills.

In the Kannada session, Prof. Kempegowda, Lecturer, Govt. Boys College, 18th Cross, Malleshwaram, emphasized the importance of understanding literary texts, grammar, and vocabulary. Students were provided with tips on how to answer essay-type questions and comprehension passages.

In the Sanskrit session, Sri Ganesh Upadhyaya, Lecturer, at PES PU College highlighted the significance of understanding Sanskrit grammar, vocabulary, and literature. Students were provided with strategies for tackling translation and comprehension passages.

The French session, led by Smt. Lakshmi, Lecturer, Christ PU College, emphasized the importance of pronunciation, grammar, and vocabulary. Students were guided on how to answer reading comprehension questions and write effective essays.

DEPARTMENT OF ACCOUNTANCY, ECONOMICS & BUSINESS STUDIES

The Commerce Department organized a Subject Expert Session for Second PUC students, focusing on key subjects: Accounting, Business Studies, and Economics. The session aimed to provide students with expert guidance, clarify doubts, and enhance their understanding of complex concepts to excel in their upcoming board exams.

A GLIMPSE OF THE EVENT

Renowned academician Prof. Manjunatha B.K., Principal of Sheshadripuram Composite PU College, led the Accounting session with great enthusiasm and expertise. Prof. Manjunatha emphasized the importance of understanding accounting principles, concepts, and applications, highlighting their relevance in real-world scenarios. He provided valuable insights into solving numerical problems, answering theoretical questions, and managing time effectively during exams, sharing practical tips and strategies to help students excel. Students actively participated in the session, seeking clarification on various accounting topics and engaging in thoughtful discussions. Through his guidance, Prof. Manjunatha helped students develop a deeper understanding of accounting concepts, building their confidence and competence in the subject. The session was highly informative and interactive, leaving a lasting impact on the students.

Smt. Jayalakshmi, Head of Department (HOD) of Economics at Sheshadripuram Composite PU College, led the Economics session. She emphasized the importance of understanding micro and macroeconomic concepts, including graphs and numerical problems. Smt. Jayalakshmi provided valuable guidance on how to answer essay-type questions, solve numerical problems, and manage time effectively during exams. Students actively participated, seeking clarification on various economics topics.

Praveen Kashyap, Assistant Professor at Sheshadripuram Composite PU College, conducted the Business Studies session. Mr. Kashyap focused on key concepts, such as business organizations, management, and marketing. He shared expert tips on how to answer case studies, descriptive questions, and multiple-choice questions. Students engaged in interactive discussions, clarifying doubts and gaining a deeper understanding of business studies concepts.

DEPARTMENT OF COMPUTER SCIENCE AND MATHEMATICS

The Computer Science Department organized a Subject Expert Session for Second PUC students, led by Prof. Chidambara B S, Head of Department (HOD) of Computer Science at Sheshadripuram Composite PU College. The session aimed to provide students with expert guidance, clarify doubts, and enhance their understanding of complex computer science concepts to excel in their upcoming board exams. Prof. Chidambara B S emphasized the importance of understanding programming concepts, data structures, and algorithms. He provided valuable insights into solving numerical problems, answering theoretical questions, and managing time effectively during exams. Students actively participated, seeking clarification on various computer science topics, including programming languages, computer networks, and database management. The Subject Expert Session organized by the Computer Science Department was a resounding success, providing students with the expertise, guidance, and confidence needed to excel in their computer science exams. Students left the session feeling motivated and better equipped to tackle challenging computer science concepts.

THE EVENT**

**SENIOR FACULTY FACILITATING
THE MATHS EXPERT**

The Mathematics Department organized a Subject Expert Session for Second PUC students, led by Mr. Ananth Kumar, a renowned subject expert in Mathematics. The session aimed to provide students with expert guidance, clarify doubts, and enhance their understanding of complex mathematical concepts to excel in their upcoming board exams. Mr. Ananth Kumar emphasized the importance of understanding key mathematical concepts, including algebra, geometry, trigonometry, and calculus. He provided valuable insights into solving numerical problems, answering theoretical questions, and managing time effectively during exams. Students actively participated, seeking clarification on various mathematical topics, including differential equations, vectors, and probability. Through interactive discussions, real-time examples, and problem-solving exercises, Mr. Ananth Kumar helped students develop a deeper understanding of mathematical concepts and their applications. He also shared expert tips on how to approach complex problems, simplify equations, and optimize solutions. The session was highly engaging, with Mr. Ananth Kumar using visual aids, graphs, and charts to illustrate complex concepts. Students were encouraged to ask questions, share their doubts, and engage in peer-to-peer learning. The Subject Expert Session organized by the Mathematics Department was a resounding success, providing students with the expertise, guidance, and confidence needed to excel in their mathematics exams.

DEPARTMENT OF PHYSICS

The Physics Department organized a Subject Expert Session for Second PUC students, aimed at preparing students for their upcoming board exams. Renowned educator G Dayanand took the stage, sharing his expertise with students.

Mr. Dayanand's informative session focused on three key areas: the exam blueprint, question paper pattern, and effective revision strategies. He meticulously broke down the exam format, highlighting crucial topics and marking schemes. Students gained valuable insights into the question paper pattern, enabling them to better navigate the exam. The session's final segment concentrated on revision strategies, equipping students with practical tips on time management, note-taking, and self-assessment. The guidance and interactive approach of the expert made the session highly engaging and informative, leaving students feeling confident and well-prepared for their board exams.

**PRINCIPAL PRESENTING THE
MOMENTO TO THE EXPERT**

**STUDENTS AND THE FACULTY WITH
THE SUBJECT EXPERT**

The session's final segment concentrated on revision strategies, equipping students with practical tips on time management, note-taking, and self-assessment. Mr. Dayanand emphasized the importance of creating a study schedule, setting realistic goals, and practicing mindfulness to reduce exam stress. He also encouraged students to review and revise regularly, using active learning techniques to reinforce their understanding.

A MESSAGE TO THE STUDENTS :

क्रोधः मोहस्य परिणामः । स्मृतिभ्रंशः, बुद्धिक्षयः, बुद्धिक्षयः, मृत्युः।

From anger comes delusion; from delusion loss of memory; from loss of memory the destruction of discrimination; from the destruction of discrimination, he perishes.

COMPILED BY – BALAJI K,
Lecturer, Dept. of Commerce and Economics
